- **Contact information**, such as your first and last name, email address, phone number, professional title and organization name.
- **Profile information**, such as your username and password and any account preferences for the Services.
- **Datasheet information.** When enrolling in the service, you will be asked to fill out a datasheet with personal data fields that you can choose to complete so that we can find instances of data brokers holding that data about you and have it deleted. The kinds of categories that you can provide and thus have us search against include first name, middle name, last name, date of birth, gender, email addresses, phone numbers, street addresses, relative's names, employers, political affiliation and ethnicity. This information is used to provide the DeleteMe service, specifically to search for listings containing your personal information on data broker websites and to have them removed. - **Feedback or correspondence**, such as information you provide when you contact us with questions, feedback, or otherwise correspond with us.
- **Usage information**, such as information about how you use the Services and interact with us, including information you provide when you use any interactive features of the Services.
- **Marketing information**, such as your preferences for receiving communications about our products, activities, and publications, and details about how you engage with our communications.
- **Other information** that we may collect which is not specifically listed here, but which we will use in accordance with this Privacy Policy or as otherwise disclosed at the time of collection.

Information we obtain from social media platforms. We may maintain pages for Abine on social media platforms, such as Medium, Facebook, Twitter, and LinkedIn. When you visit or interact with our pages on those platforms, the platform provider's privacy policy will apply to your interactions and their collection, use, and processing of your personal information. You or the platforms may provide us with information through the platform, and we will treat such information in accordance with this Privacy Policy.

Information we obtain from other third parties. We may receive personal information about you from third-party sources, such as marketing partners, publicly-available sources, and data providers.

Cookies and Other Information Collected by Automated Means . The information that may be collected automatically includes your computer or mobile device operating system type and version number, manufacturer and model; device identifier; browser type; screen resolution; IP address; the website you visited before browsing to our website; general location information such as city, state or geographic area; and information about your use of and actions on the Services, such as pages or screens you viewed, how long you spent on a page or screen, navigation paths between pages or screens, information about your activity on a page or screen, access times, and length of access. Our service providers and business partners may collect this type of information over time and across third-party websites and mobile applications.

DeleteMe Cookie Policy

Effective as of 10/19/2020.

This Cookie Policy explains how Abine, Inc. and our corporate subsidiaries and affiliates (collectively, “Abine”, “we”, “us” or “our”) uses cookies and similar technologies in connection with joindeleteme.com and any other website that we own or control and which posts or links to this Cookie Policy (collectively, the “Sites”).

What are cookies?

Cookies are small data files that are placed on your computer or mobile device when you visit a website. Cookies serve different purposes, like helping us understand how a site is being used, letting you navigate between pages efficiently, remembering your preferences and generally improving your browsing experience.

Our Sites may use both session cookies (which expire once you close your web browser) and persistent cookies (which stay on your computer or mobile device until you delete them).

We use two broad categories of cookies: (1) first party cookies, served directly by us to your computer or mobile device, which we use to recognize your computer or mobile device when it revisits our Sites; and (2) third-party cookies, which are served by service providers or business partners on our Sites, and can be used by these parties to recognize your computer or mobile device when it visits other websites. Third party cookies can be used for a variety of purposes, including site analytics, advertising and social media features.

What types of cookies and similar technologies does Abine use on the Sites?

On the Sites, we use cookies and similar technologies in the following categories described below.

Type	Description	Who serves the cookies	How to control them

Other technologies

In addition to cookies, our Sites may use other technologies, such as pixel tags to collect information automatically.

Browser Web Storage

We may use browser web storage (including via HTML5), also known as locally stored objects (“LSOs”), for similar purposes as cookies. Browser web storage enables the storage of a larger amount of data than cookies. Your web browser may provide functionality to clear your browser web storage.

Web Beacons

We may also use web beacons (which are also known as pixel tags and clear GIFs) on our Sites and in our HTML formatted emails to track the actions of users on our Sites and interactions with our emails. Unlike cookies, which are stored on the hard drive of your computer or mobile device by a website, pixel tags are embedded invisibly on webpages or within HTML formatted emails. Pixel tags are used to demonstrate that a webpage was accessed or that certain content was viewed, typically to measure the success of our marketing campaigns or engagement with our emails and to compile statistics about usage of the Sites, so that we can manage our content more effectively.

Your choices

Most browsers let you remove or reject cookies. To do this, follow the instructions in your browser settings. Many browsers accept cookies by default until you change your settings. Please note that if you set your browser to disable cookies, the Sites may not work properly.

For more information about cookies, including how to see what cookies have been set on your computer or mobile device and how to manage and delete them, visit www.allaboutcookies.org. If you do not accept our cookies, you may experience some inconvenience in your use of our Sites.

Users may opt out of receiving targeted advertising on websites through [members of the Network Advertising Initiative](#) or the [Digital Advertising Alliance](#). Please note that we also may work with companies that offer their own opt-out mechanisms and may not participate in the opt-out mechanisms above.

If you choose to opt out of targeted advertisements, you will still see advertisements online but they may not be relevant to you. Even if you do choose to opt out, not all companies that serve online targeted advertising are included in this list, and so you may still receive some cookies and tailored advertisements from companies that are not listed.

For more information about how we collect, use, and share your information, see our [Privacy Policy](#).

Changes

Information about the cookies we use may be updated from time to time, so please check back on a regular basis for any changes.
